

Verkefni 4 Audioplayer

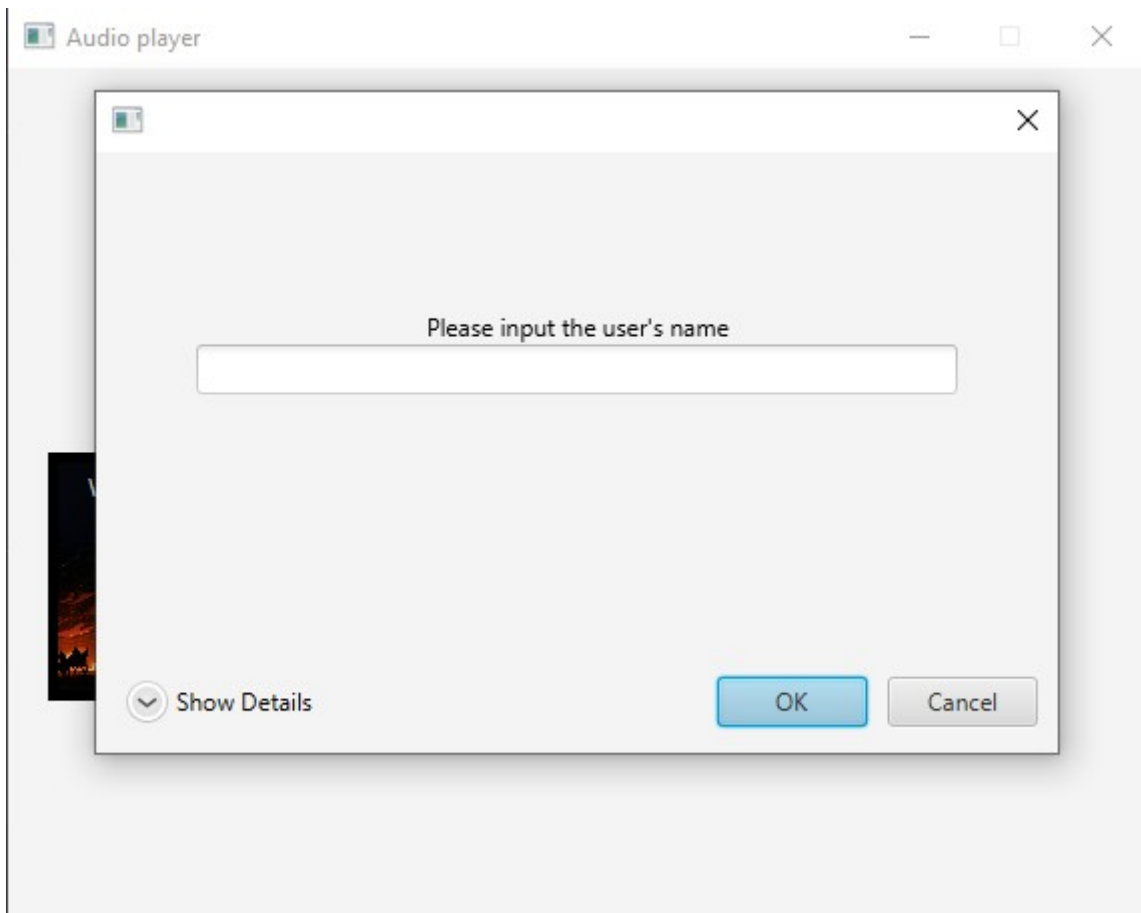

Adrian Roszkowski

- a) Cache is not used for storing FXML. Cache functionality is removed from ViewSwitcher. It does not save the state of the scenes.
- b) Main menu, gridpane couldn't be centered through FXML, so I acknowledge it looks poor. But it is functional.

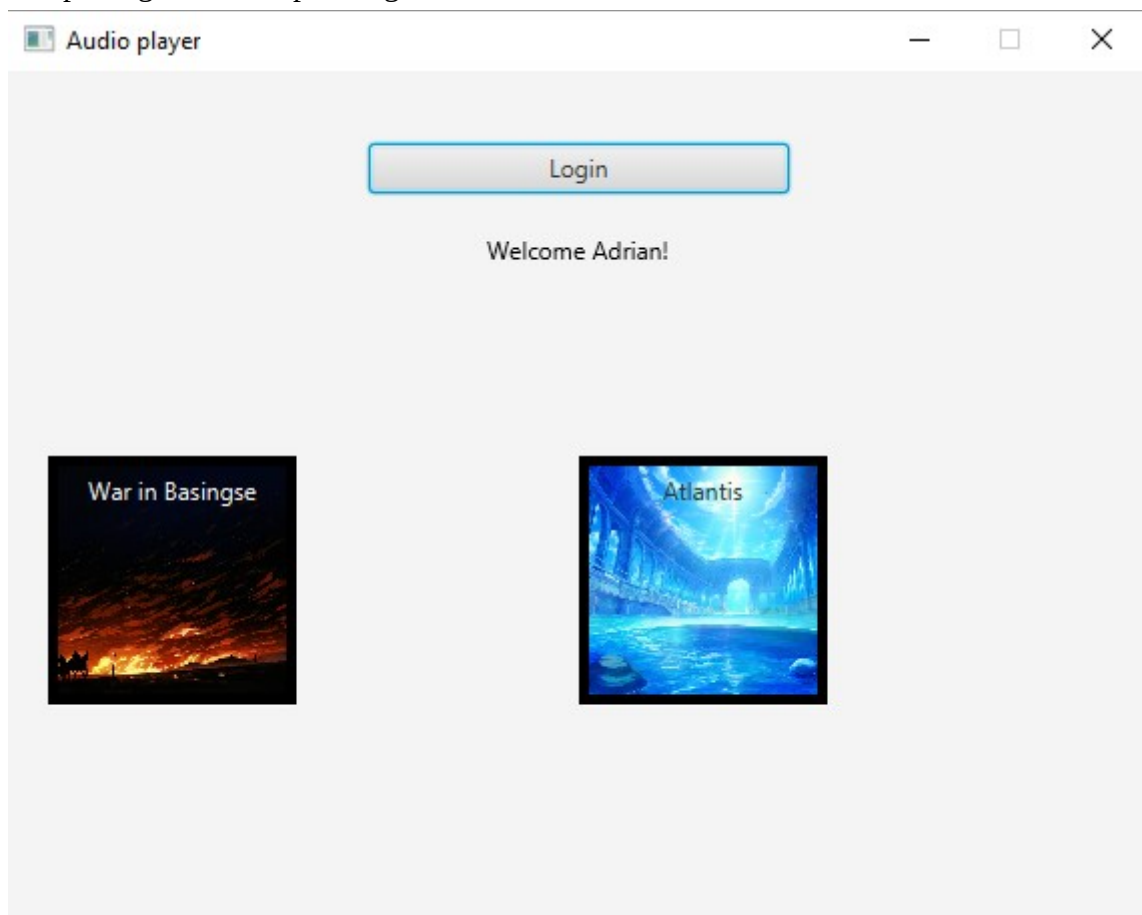

1. Initial state

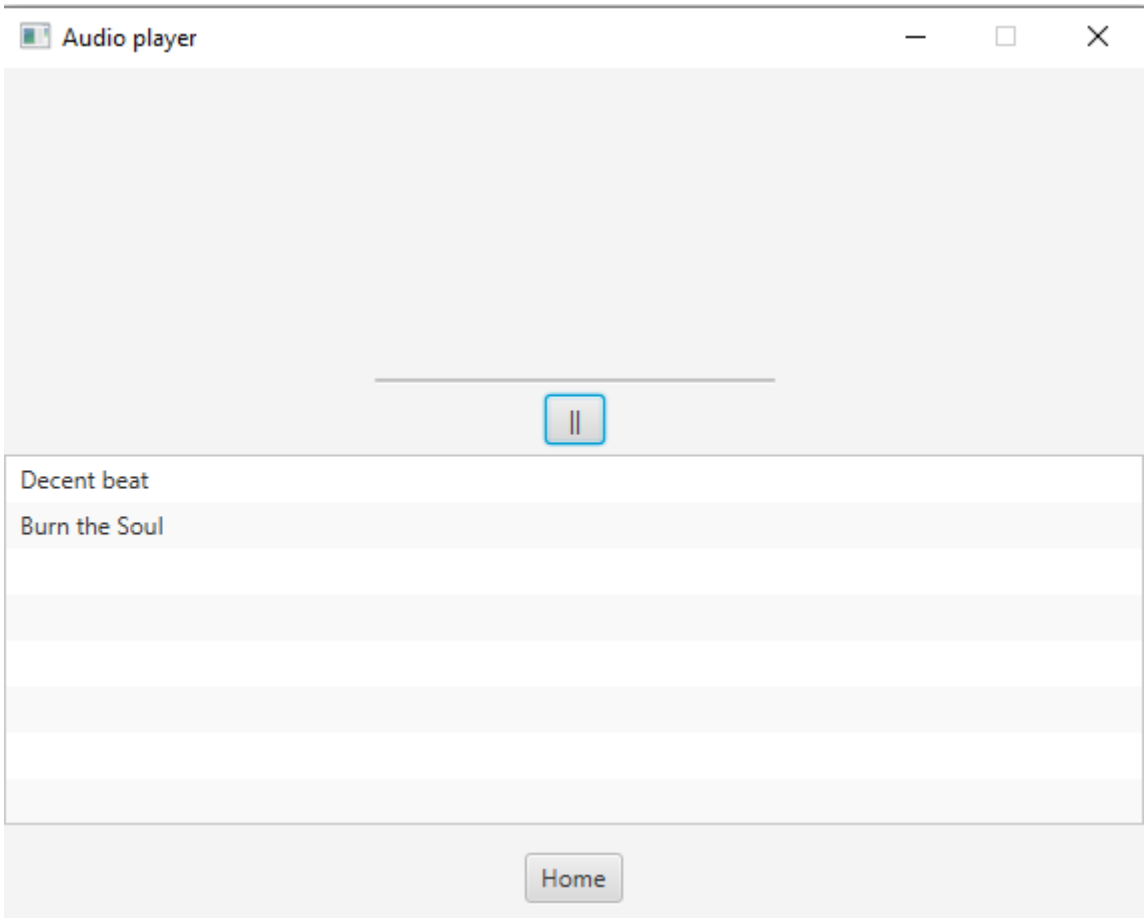

2. Logging in

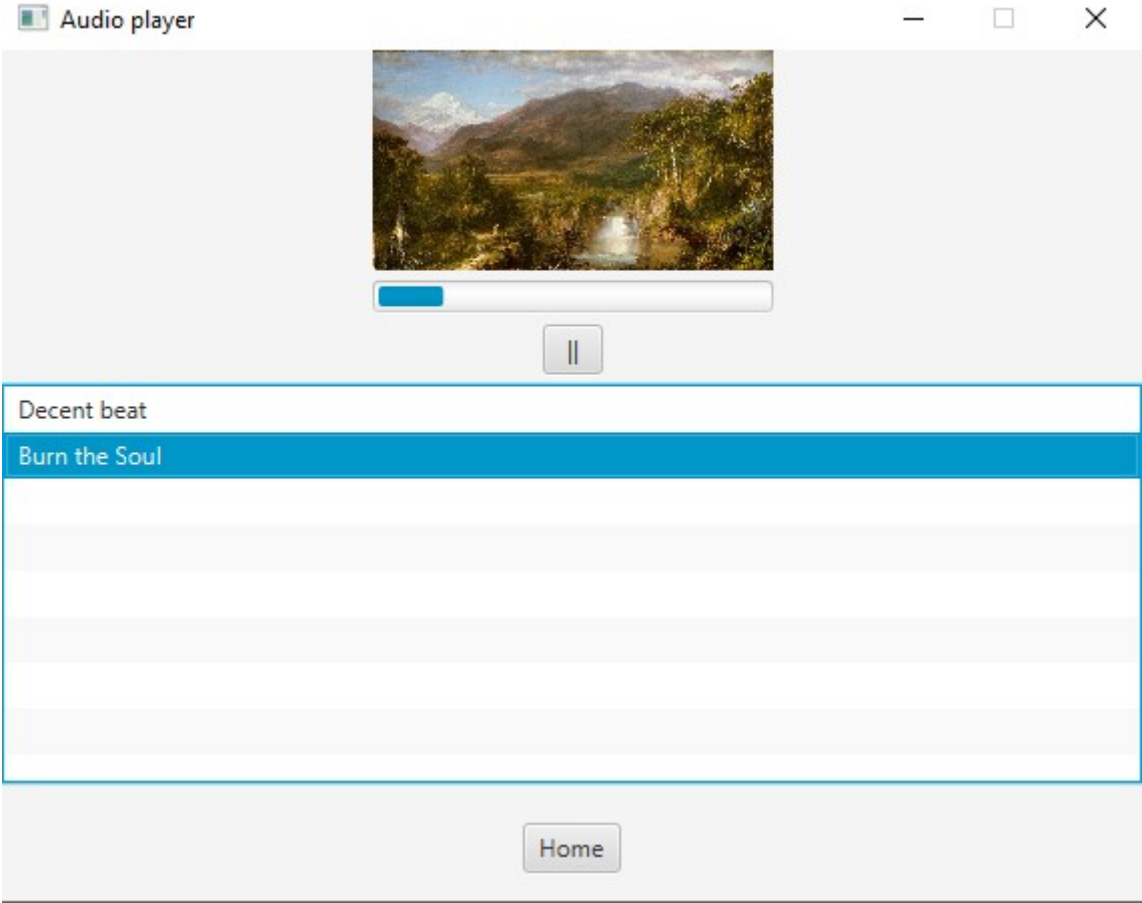

3. After inputting name and pressing ok

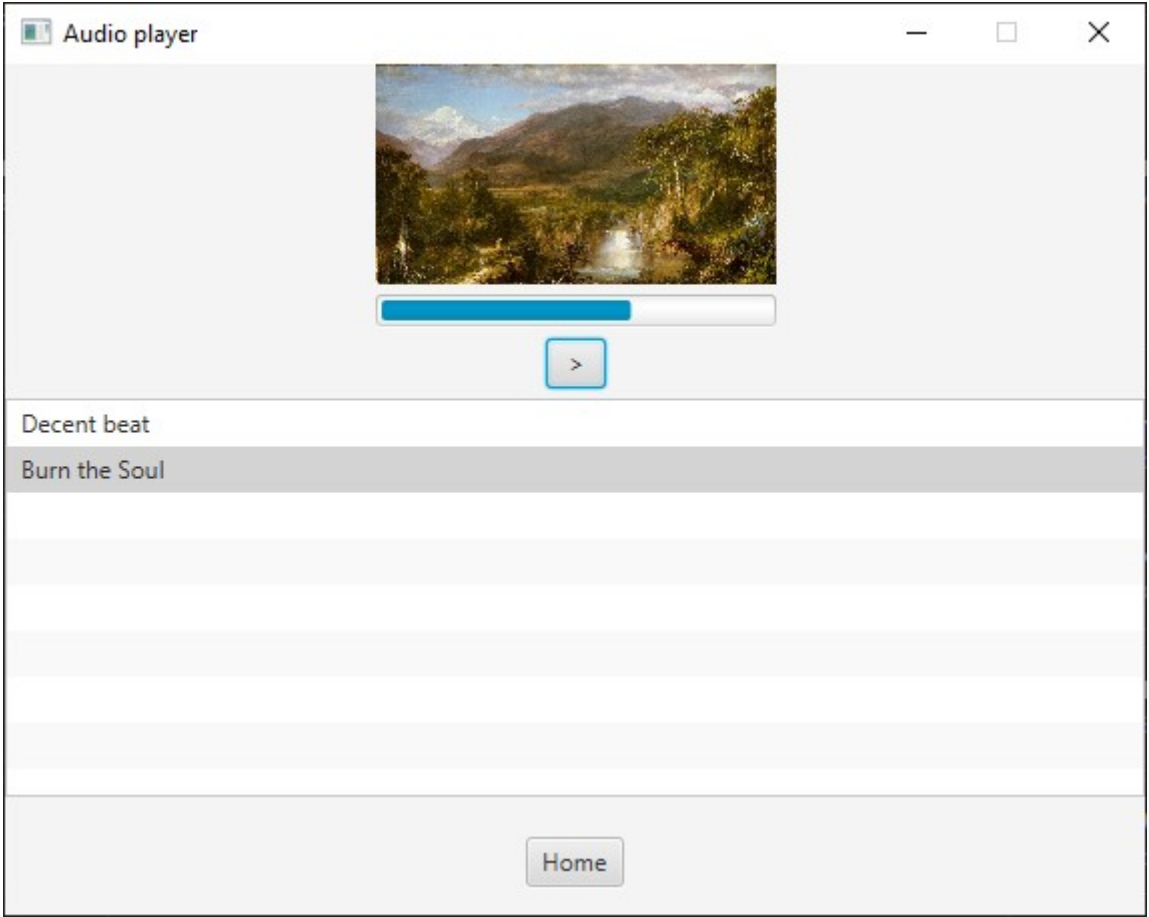

4. After pressing the first playlist

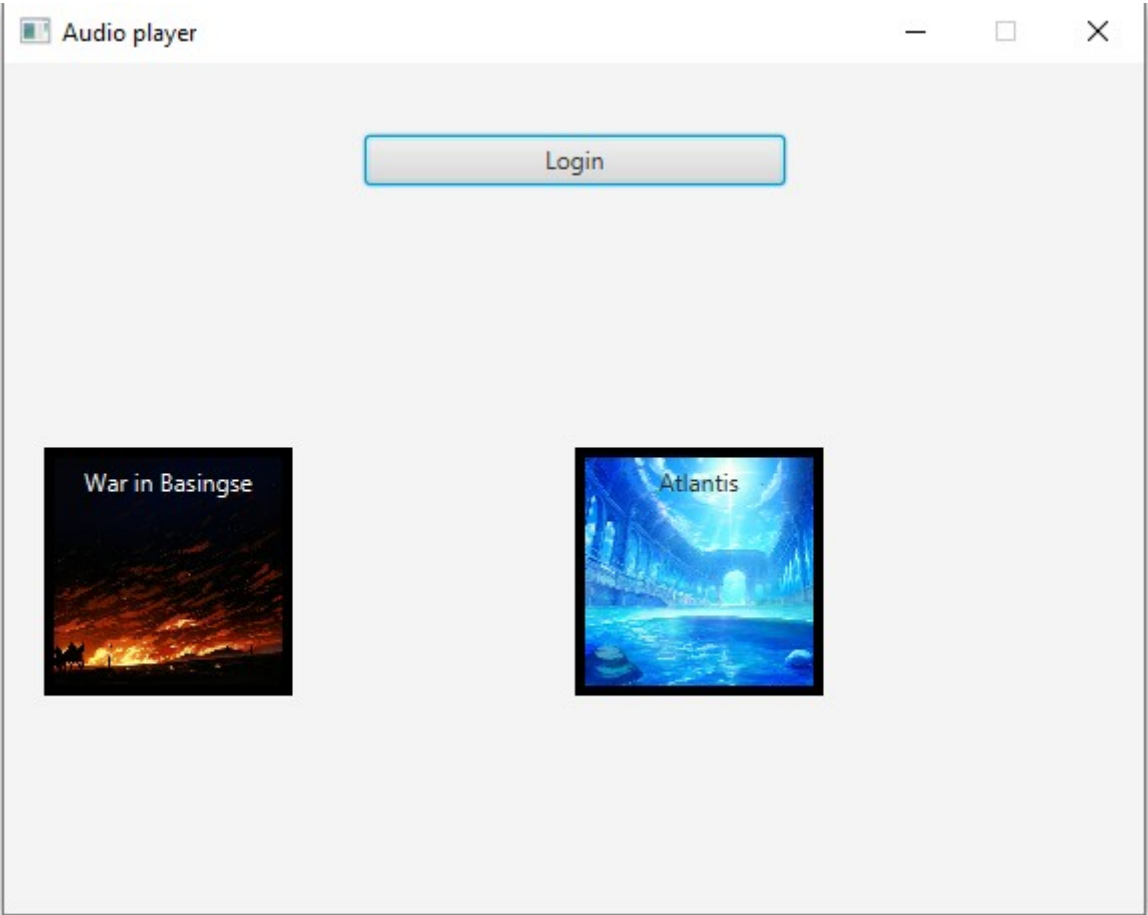

5. After pressing one of the songs

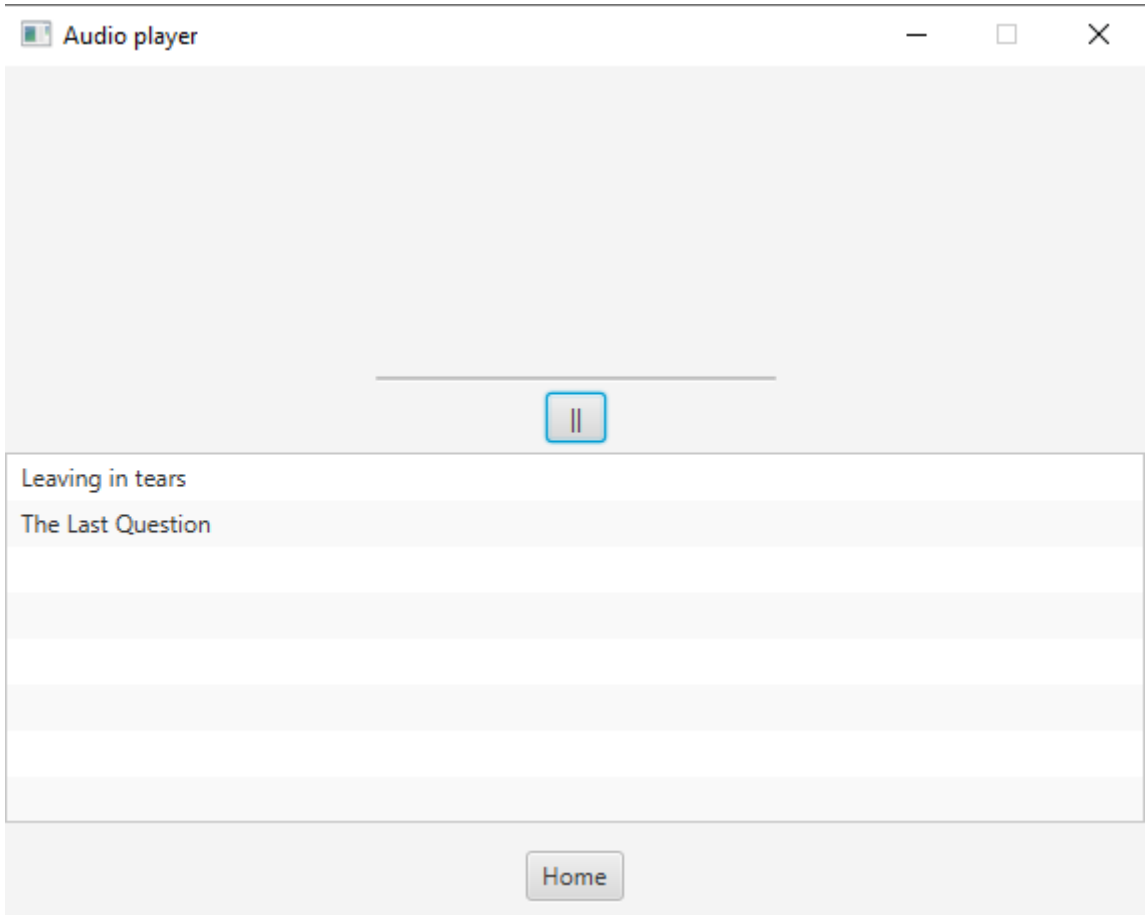

6. After pressing pause

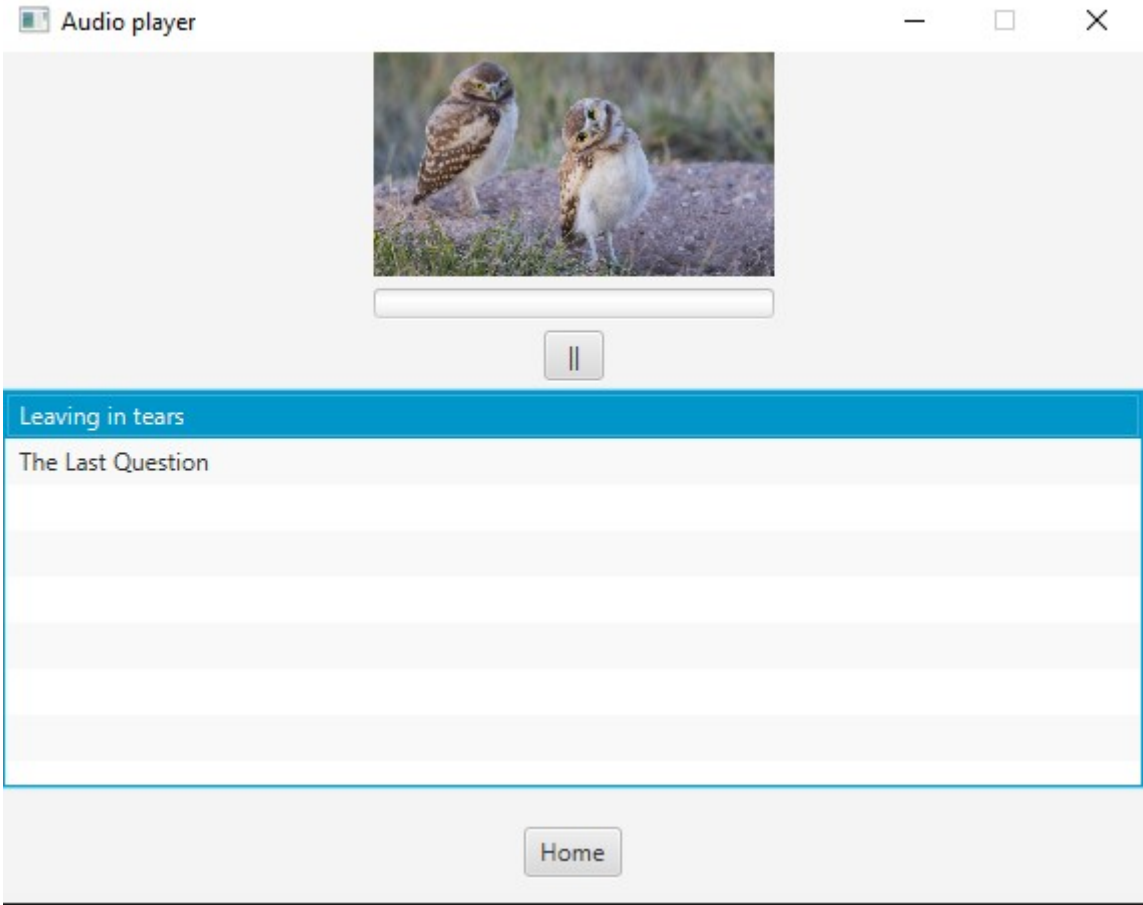

7. After pressing home

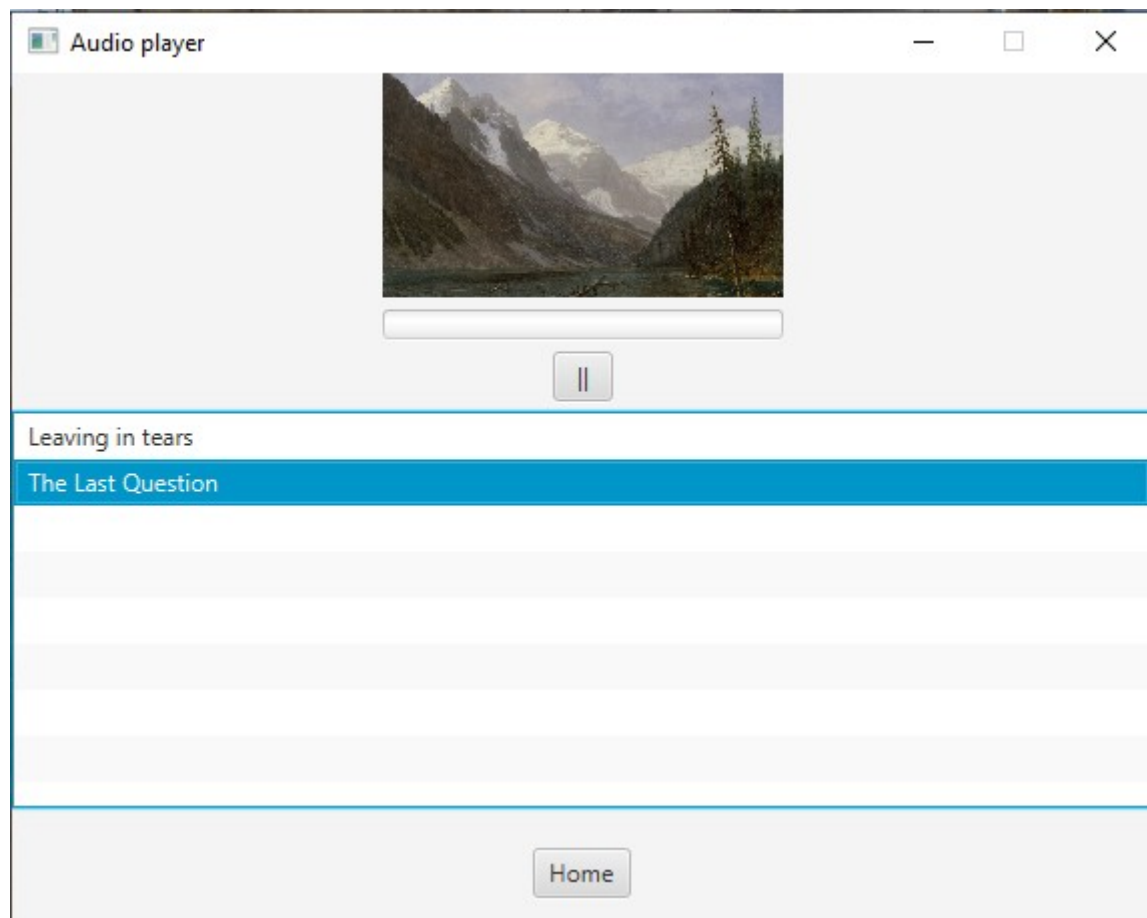

8. after pressing the Atlantis playlist

9. Playing the first song

10. Switching song

11. Returning to home.
